10. First Capital REIT	4.0%
 Total percentage of top 10 investments:	 43.8%
 Total number of investments:	 32

**Investment Mix** (on March 31, 2026)

**How risky is it?**

The value of the Fund can go down as well as up. You could lose money.

One way to gauge risk is to look at how much a fund’s returns change over time. This is called “volatility”.

In general, funds with higher volatility will have returns that change more over time. They typically have a greater chance of losing money and may have a greater chance of higher returns. Funds with lower volatility tend to have returns that change less over time. They typically have lower returns and may have a lower chance of losing money.

**Risk Rating**

Barrantagh has rated the volatility of this Fund as **Medium-High**. This rating is based on how much the Fund’s returns have changed from year to year. It doesn’t tell you how volatile the fund will be in the future. The rating can change over time. A fund with a low risk rating can still lose money.

Low	Low to Medium	Medium	<b>Medium to High</b>	High
-----	---------------	--------	-----------------------	------

For more information about the risk rating and specific risks that can affect the Fund’s returns, see the sections entitled “*What are the risks of investing in the Fund?*” and “*Who should invest in this Fund?*” in the Fund’s simplified prospectus.

**No guarantees**

Like most mutual funds, this Fund does not have any guarantees. You may not get back the amount of money you invest.

**How has the Fund performed?**

This section tells you how Series A Units of the Fund have performed. Returns are after expenses have been deducted. These expenses reduce the Fund’s returns.

**Year-by-year returns**

This chart shows how Series A Units of the Fund performed in the past four calendar years. The range of returns and change from year to year can help you assess how risky the Fund has been in the past. It does not tell you how the Fund will perform in the future.

**Best and worst 3-month returns**

This table shows the best and worst returns for the Series A Units of the Fund in a 3-month period over the past four calendar years. The best and worst 3-month returns could be higher or lower in the future. Consider how much of a loss you could afford to take in a short period of time.

	Return	3 months ending	If you invested \$1,000 at the beginning of the period
Best return	15.31%	Feb. 28, 2026	\$1,131.94
Worst return	-12.37%	Oct. 31, 2023	\$876.33

**Average return**

The annual compounded rate of return of Series A Units of the Fund was 4.6% since inception. If you had invested \$1,000 in Series A Units of the Fund since inception, your investment would now be worth \$1,246.44.

## Who is this Fund for?

---

Investors who:

- want exposure to a concentrated portfolio consisting primarily of equity securities of small capitalization Canadian companies
- do not need a steady source of income from their investment
- are investing for the medium and/or long term
- can tolerate a high level of investment risk

## A word about tax

---

In general, you'll have to pay income tax on any money you make on a fund. How much you pay depends on the tax laws where you live and whether or not you hold the fund in a registered plan, such as a Registered Retirement Savings Plan or a Tax-Free Savings Account.

Keep in mind that if you hold your fund in a non-registered account, fund distributions are included in your taxable income, whether you get them in cash or have them reinvested.

## How much does it cost?

---

This section shows the fees and expenses you could pay to buy, own and sell Series A Units of the Fund. Fees and expenses – including any commissions – can vary among series of a fund and among funds. Higher commissions can influence representatives to recommend one investment over another. Ask about other funds and investments that may be suitable for you at a lower cost.

### 1. Sales charges

No sales charges are payable when you buy the Fund.

### 2. Fund expenses

You don't pay these expenses directly. They affect you because they reduce the Fund's returns.

	Annual rate (as a % of the Fund's value)
<b>Management expense ratio (MER):</b> This is the total of the fund's management fee and operating expenses.	2.59
<b>Trading expense ratio (TER):</b> These are the Fund's trading costs.	0.10
<b>Fund expenses:</b>	2.51

As of December 31, 2025, the expenses of Series A Units of the Fund were 2.51% of its value. This equals \$25.10 for every \$1,000 invested.

## More about the trailing commissions

The trailing commission is an ongoing commission. It is paid for as long as you own Series A Units of the Fund. It is for the services and advice that your representative and their firm provide to you.

Barrantagh pays the trailing commission to your representative's firm. It is paid from the Fund's management fee and is based on the value of your investment. The percentage of the trailing commission depends, in part, on the services that your dealer has confirmed to Barrantagh it will provide. The management fee is the same for Series A Units regardless of the amount of trailing commissions paid by Barrantagh.

Fee	Amount of trailing commission	
	In Percent (%)	In Dollars (\$)
Trailing Commission	1.0% of the value of your investment each year.	\$10 each year on every \$1,000 invested

## Other fees

You may have to pay other fees when you buy, hold, sell or switch units of the Fund.

Fee	What you pay
Short-term trading fee	2% of the value of units you sell within 60 days of buying them. This fee goes to the Fund.

**What if I change my mind?**

---

Under securities law in some provinces and territories, you have the right to:

- withdraw from an agreement to buy mutual fund units within two business days after you receive a simplified prospectus or Fund Facts document, or
- cancel your purchase within 48 hours after you receive confirmation of the purchase.

In some provinces and territories, you also have the right to cancel a purchase, or in some jurisdictions, claim damages, if the simplified prospectus, Fund Facts document or financial statements contain a misrepresentation. You must act within the time limit set by the securities law in your province or territory.

For more information, see the securities law of your province or territory or ask a lawyer.

**For More Information**
